Company Profile

HospiQ Healthcare Solutions

(Our Commitment is our priority)

Total solutions in healthcare transformation

About us

HospiQ Healthcare Solutions is highly passionate and committed health and hospital professionals focused on providing strategic business evaluations and analysis for the health care sector in India. Our mission is to become the

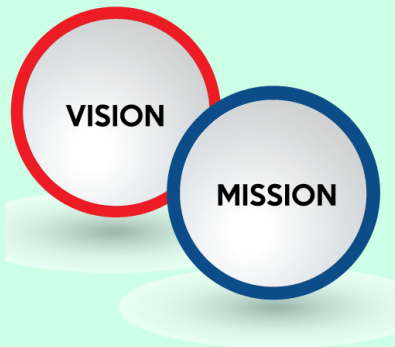

leader in healthcare consulting by providing value for money, effective, efficient solutions and hands-on support. We work in close collaboration with our clients to develop integrated strategic, commercial, and technical based solutions that overcome issues related to health and healthcare at global, national, and local market access hurdles. We are committed to deliver projects that are executed to the highest standard, whilst delivering flexibility and adaptability in recognition of changing situations and needs. We are supported by experienced and reputed experts in the field of Hospital Management, Public Health Experts, PPP Program & Contract Management, Laboratory Strengthening, Biomedical Engineering, Healthcare Quality, Auditors, Lead Assessors & Epidemiologist, information Technology etc. Who have successfully implemented and conducted training in hospitals and other projects ranging from small hospitals (SHCO) to Medical College (HCO) and government and non- government public health Projects as well.

Our strong consulting team has expertise across all aspects of health and healthcare in the major and key emerging markets, further supported by work of specialists of national and international reputation. This enables us to deliver truly innovative and strategic recommendations for the most challenging healthcare problems.

Our Human Resources philosophy is based on promoting flexibility, teamwork and job rotation. Knowledge accumulated at the individual level is communicated through training, systematically improved through research and development and enriched through the interchange of the best practices among different parts of the company.

Our policies are designed to select and promote individuals based on their professional abilities, interpersonal skills and commitment. A work environment that rewards innovation, initiative and teamwork reinforce those policies.

We reach new heights every day and we owe our success to our employees and our clients.
